CALL TO ACTION

Habitat 7 Rivers Maine is celebrating our 30th annual Spring Walk to Build and we're returning to our roots in Bath - we're moving to the Bath Shopping Center this summer!! And we're excited to be walking by the very first house that we built in 1993 on Middle Street, with some of our founders joining us to commemorate this important milestone. It's such an exciting year for Habitat 7 Rivers!

MANY HANDS MAKE LIGHT WORK:

Thank you so much for helping us raise awareness and vital funds for our **30TH ANNUAL SPRING WALK TO BUILD**. We want to show the world that our community takes real action to address our local housing crisis. The more people we bring to the walk, the more resources we have to address this crisis. When we expand our base of support, we can raise more dollars, we can recruit more volunteers, and we can inspire more individuals, businesses, and organizations to lend a hand in the fight. Your efforts will ensure that Habitat has what it needs to sustainably build and repair homes for those who need it most. Thank you.
